The **Toronto New Life Wellness Place** is a social enterprise supporting the wellness needs of the community at large, while helping entrepreneurial internationally trained mental health professionals grow their practices.

The Wellness Place provides clients with a suite of wellness services within a welcoming, multicultural, and multilingual environment, all while supporting immigrant talent and preparing them to become independent entrepreneurs.

A settlement agency since 1983, the MNLCT has a long tradition of walking together with newcomers and supporting their social and economic integration. As an affiliate of the MNLCT, the Wellness Place will continue this tradition by helping to provide internationally trained wellness professionals with a place to offer diverse services while meeting the large wellness and mental health service gaps that exist in Toronto.

Visit [www.newlifeplace.ca](http://www.newlifeplace.ca) to learn more about the services available.
